# Satellite IF Network Planning (Home Digital Systems Book 10)

## Synopsis

This series of publications introduces the reader to the application of digital systems in the home. It is suitable for those with no prior knowledge of the subject, whilst at the same time providing a source of reference for experienced installers who wish to know more about the subject. This part (part 10) discusses the layout concept for satellite TV distribution in various types of multi-dwelling unit, and the planning of signal levels for satisfactory reception at all the viewing locations.. Parts one to twelve cover radio, TV and satellite reception and distribution; parts thirteen to sixteen cover data systems and part seventeen is a reference of abbreviations and a glossary of terms.
