Customer Reviews

Anti Inflammatory Diet Action Plan is a book that should be read when one is looking for some useful and meaty discussions on what the Anti Inflammatory diet is all about. This book has told readers how they can heal themselves with food. This may sound unbelievable, but this is what I got here. I think the book has been written with a clear purpose in mind--to help readers "achieve their goals and live a healthier and happier life." And this, for me, is more than enough reason to read this, follow it, and implement some changes in my life too. I also personally appreciate that the book has given the list of foods that aggravate inflammation and the anti-inflammation ones.

The book is well written, the information is well presented and the recipes look very healthy and flavorful. I highly recommend this book, you will get a lot out of it. This book helps explains everything perfectly, and is quite easy to understand. The author share some really good points on what foods to eat and which you should avoid. I learned a lot!!!

As the age goes on, we begin to experience some torment and troubles to keep up our wellbeing and excellence, yet in the event that we are predictable and have some great bearings it turns out to be simple! Inflammation is one of the fundamental patrons to various infections, from joint pain to Parkinson's sickness, to significantly disease! Many people experience the ill effects of endless aggravation, however not very many can distinguish and make the strides required to hold it under control. In this book, we will take a look at some meal plans that you can follow to heal ourselves with food! We will take a look at why these plans work, how they boost our immune system and prevent inflammation and check out recipes that we can make on our own!

Inflammation in the body can have a severe effect on your health and well-being, leading to

sicknesses that influence thousands of lives daily. James Wayne with Anti Inflammatory Diet Action Plan analyzes what Inflammation is and the foods that intensify it and inform us about the foods that can protect us. There is also a very interesting chapter with a 6 Week Meal Plans with detailed and easy-to-follow steps followed by several recipes about Breakfast, Lunch, Dinner as well as Snacks. I deeply enjoyed the Winter Fruit Salad, Italian-Style Stuffed Red Peppers and Dark Chocolate and Nut Clusters recipes, they seem very delicious and I recommend it.

This book surely can help you in your whole life. Inflammation is one of the main contributors to a number of diseases, from arthritis to Parkinson's disease, to even cancer. One of the best ways to keep chronic inflammation under wraps is by making changes to your diet and your overall lifestyle and this book here help you to achieve it. we will take a look at some meal plans that you can follow to heal yourself with food. It will also discuss why these plans work, how they boost your immune system and prevent inflammation and check our recipes that you can make on your own. those recipes are delicious too. I love this one so much.

I am fully aware that Inflammation causes some of the diseases most of us experience. That is why there is a need to be careful with the foods we take in. And this book, Anti Inflammatory Diet Action Plan, has explained so much about this fact that it is easier to comprehend now. And the topics here made understanding even more possible. I personally like the ones about the foods that aggravate inflammation and, of course, the helpful recipes. Knowing the specific foods to avoid will also be handy and useful. I just wished there were pictures of the recipes. I feel that recipe books should have them. My opinion only.

This book gave clear and exact data about sustenance that cause inflammation. The formulas are intriguing and look delightful. They are quick and easy to read and follow. This Book helps explains everything perfectly and easy to understand. You will get very nice benefits in this book and containing a lot of information. A great guide to a healthy life. highly recommended. Inflammation can ruin our health and this book contains proven steps and strategies on how to prevent that from happening.

This Anti Inflammation Diet is a great guide. If you have no idea what foods prevents inflammation and how to start a good anti inflammatory diet, then this book is for you. Complete information about anti inflammatory diet which made me understand it better. It provides list of foods that are for anti

inflammatory and also provides a good six-week action plan. All you have to do is follow. Recipes here are superb, you wont notice that you are actually on anti inflammatory diet. I love it! great work by James Wayne
