Customer Reviews

As a wife I want to keep on trying new things specially on cooking and keep my children and husband be impressed on new food I am preparing. The book guided me as a first time air fryer cooker - instructions were clear and concise.

Awesome cookbook. I recently got an air fryer and have been seeking out recipes ever since. Everything I made so far has been delicious. A welcome addition to my recipe book collection. Wonderful resource!

It has good recipes but the recipes are hard to find.IT has a nice table of contents with recipes numbered. but none of the pages are numbered.. you have to hunt through all the pages to find the recipe you want.

Very quick and fast. The interesting thing is all those recipes you can make with maximum 20 minutes. So I would recommend this book to you if you have not enough time to cook. The author gave instructions very clearly. I made few of these recipes and it was tasty. Thanks to the author for this nice and time saving cooking guide.!!

Recommend this book for everyone who has Air Fryer or want to buy it. My family love dishes that I make with this book. One of the most favorite dishes of my husband is Swedish Meatballs. Great Recipes. Thanks to the author!

I didn't know so much about Air Fryer, so I purchased this book with curiosity and at the end I am glad I did, all the recipes of this book are really quick to make and really tasty, I already tried few of them and my family liked them. The book is well written, easy to read and understand, the author even uses pictures to illustrate the recipes, which is a real plus to the book, I recommend this book to everyone

This cookbook is just so perfect for me as almost all the recipes it contained are my favorite. The images helped me to get an idea of what my dish should look like. Recommending to everyone I know!

Good recipes and really easy to use. I wish more were like this. It is very useful. I love my air fryer and will be looking forward to trying more.
