## Customer Reviews

I bought this because thought the chicken coop on cover was interesting and I wanted to see the plans for building it. Not only are there NO plans for building this or any other chicken coop, the material isn't even original. The picture on the cover is one he ripped off from the Urban Coop Company website!!! You can get all the info in this book and much more for free on the internet. DO NOT BUY THIS BOOK!!!

Unless my download was missing links to plans....there are none. Do yourself a favor and simple google chicken coop plans for your climate.

No plan included. Don't bother downloading. No stars. The title has more info than the actual book. There is ONE picture and exterior dimensions given. That is it.

I love this book. This book have intersting and informative information about the chicken coop building. I love the ideas which is given in the book. This must be most amazing and very helpful for those who specially wants to made chicken coop.

This book have perfect plan to build the chicken coop in not tim. You can build it yourself by following this book. It seems like very helpful and this book also does the marketing of the chicken coop building.

Ok.#Don't have anything more to say about this guy just buildings government Planeville the park this guy just building government Plainville the park 's got going government Plainville the park.
