This book contains proven steps and strategies on how to build your own chicken coop. It will guide you through everything you need to know about coop building and a bit about raising chickens. Read this book today and build your very first coop successfully. Chicken coops are enclosures to keep your chickens from running to places where you would not want them to be. It keeps them safe from predators like wolves, foxes and even your beloved pet dog. The main purpose of a coop is to be a safe, protected place for hens to lay their eggs. These need to be protected from predators and bad weather to preserve good health and quality. Hens and their eggs are very vulnerable to predators. There are snakes and small mammals, as well as birds of prey that include eggs in their diets. Larger predators like dogs, wolves and snakes can go after the chicken. The coop serves to keep chickens and eggs safe, especially at night when these predators usually come out to hunt. Here Is A Preview of The Chapters in this Book:-Chapter 1 :What Are Chicken Coops And Why Do You Have To Use Them?Chapter 2:Chicken Coop Plans And DesignsChapter 3:Everything You Need To Build Your Own Chicken CoopChapter 4:Start Building The Chicken CoopChapter 5:Framing The Chicken CoopChapter 6:Installing The Outer-Frame PartsChapter 7:Finishing Touches To The CoopAnd Finally Chapter 8 will cover the Costly Mistakes To Avoid When Choosing Chicken CoopsGet Your Copy Today!Most eggs in the market are not from chickens raised in the best, healthiest conditions. Most of the chickens are fed with artificial feeds and injected with tons of steroids, artificial hormones and antibiotics. All these junk get into the eggs and eventually into your plate. Your Family and Yourself deserve better!By raising your own chickens, you are assured you have better quality, healthier and safer eggs and meat to consume anytime you want. Customer Reviews

I found this short kindle book easy to read, informative, and useful for someone like me-who is just getting into the backyard chicken scene. I also found the hyperlinks helpful - because now I have a better idea of which websites to go to and for what purpose. Amazing to find a book that gives you a list of other books and sources, the author must care more about helping us to raise our chickens than his personal gain. I was impressed.

Great detail and pics! As organic food has become more popular and is supposed to be healthy for us, I have taken an interest in becoming self-sufficient and that's why i landed my hands on this book. There's great info on chickens and chicken coops, all explained in great detail with pictures and easy to understand. If you are looking for a great source of eggs at home this is an awesome place to start. p.s. I haven't bought any chickens yet, but the coop is being built!

I was planning to build a chicken coop for my backyard but, couldn't find the right guidelines for that. This book is really helpful to build a chicken coop as the author has added almost everything regarding this. The guidelines are clear with the help of images and easy to follow. The author has

added even the measurements of everything which has made this book more effective. It will also help you to be self-efficient for the chicken meat and eggs. Really recommended.

Well chicken are cute but handling and deciding a proper place for them sucks and for this purpose i read a lot of chicken coops building books and i found this easy and helpful to build on my own, it is proper guide for building easy and simple. All the methods for building great coop for your chicken easily. Author have used very easy steps which can be followed by any one.

Good book to read,it is helpful.i grab this book for my father,he has many pets in our home but he want to try to take chickens.He is very happy after i show this book to him.full of information and tips how to take care chicken as well as doing their shelter.Now he is busy preparing tools and very inspiring,hoping for the fruitful result.Thanks to the author.
