Customer Reviews

Chineasy Everyday takes one of the most difficult languages to learn and breaks it down into simple, small steps. By making the word part of a picture, even I found myself able to catch on.

Initially I received this book to give to my niece who loves studying the Orient. I received from Goodreads in exchange for my honest thoughts. Now I realize, she is much advanced in Chinese and I would enjoy learning this exotic language for myself. Thank you ShaoLan for making it so much fun!!!

I have been struggling trying to learn and right Chinese. I've bought numerous books and have tried learning in various creative ways. However, nothing compares to how fun and easy it is to learn Chinese with this book! The pictures and instructions makes learning Chinese enjoyable! Highly recommended!
