## Customer Reviews

Okay book. Not as much detail about current and previous Cuban cigar brands.

I love this book! I have only recently gotten into cigars ever since a trip to Key West where I spent a great deal of time in lounges and small clubs trying different cigars from different regions. Though there weren't any Cubans I could get my hands on, I still would've loved to have had this title for the trip. Great guide to the world and craft of Cubans as well as cigars in general. Overall I love this book and will definitely be gifting this for future holidays and events.

Really handsome book looks like a humidor. Beautiful
