# The 2-Step Low-FODMAP Eating Plan: How To Build A Custom Diet That Relieves The Symptoms Of IBS, Lactose Intolerance, And Gluten Sensitivity (Low-FODMAP Diet)

## Synopsis

No more guessworkâ "go low-FODMAP for good food every day and lasting relief year-round Â If you suffer from a digestive disorder, youâ ™re likely familiar with a long list of unknowns: I donâ ™t look sick, so whatâ ™s wrong with me? What can I do to feel better? What foods exactly are causing me discomfort? Â Now, The 2-Step Low-FODMAP Eating Plan is here to answer those questions, provide delicious food that feels good to eat, and help pinpoint specific intolerances in less than eight weeks. Listen to your gut and go low-FODMAPâ "already proven the most effective dietary treatment worldwide for irritable bowel syndrome and other dietary conditions (including gluten, lactose, and fructose intolerances). Â Dr. Sue Shepherdâ ™s all-new 2-step plan presents a reliable approach to identify what foods you can enjoy, and eliminate only those that cause symptoms (and that doesnâ ™t necessarily mean gluten!): Â Â First: Restrict FODMAPs (certain poorly absorbed carbs) to discover a new baseline of health. Next: Slowly reintroduce them, step-by-step, to learn which FODMAPs are tolerable, and in what amounts. The Result: A custom-made eating plan with delicious food that will make you happy and healthier!Â With menu plans for adults, kids, vegetarians and vegans, anyone can do it. Dr. Shepherd also delivers a guide to shopping and how to approach food labels, travel information and tips for eating out, and over 80 crave-worthy recipes. Stop guessing what foods cause distress and start living symptom-free today! Â With 80 gut-friendly recipes full of flavor and low in FODMAPs!Breakfast: Pecan and Cinnamon Carrot MuffinsLight Meals: Roasted Squash and Ginger SoupMain Meals: Moroccan Lamb with Lemon SpinachVegetarian: Four-Cheese RisottoFor Kids: Chicken Drumsticks; LasagneDesserts: Chili Chocolate Cheesecake
