## Customer Reviews

My wedding planner rocks!!! I already knew she was awesome but reading the book confirmed why I chose her as my planner for my wedding! The knowledge she have is uncanney and would put any bride's concerns and worries at ease! Buy the book! You will not regret it! Blessed to have it!

First let me just say, reading this book makes me want to get married TOMORROW!! So what I don't even have a boyfriend, I just want to be able to put to use all the things I've learned in this easy to read Girlfriend's Guide! I will definitely keep this handy for when that special day comes so that I will know how to handle these situations with grace and sass!! Thanks so much Crystal!!!

I thought there was a lot of really useful information that was relevant and to-the-point. I've read a few other wedding planning / wedding etiquette books and this had information in it (ex. "Bumping into a childhood friend you didn't or won't invite") that I've never seen in any other wedding book. I really like the writing style too, it's very conversational and friend-to-friend.

I got the "The Girlfriends Guide to a Crystal Clear Bride" for my future sister in law. I then decided to get a copy for myself. I am so glad I did it is a very straight forward book about planning which I love. It was a great read! I would call myself lucky to have Crystal plan an event or my wedding! I

really enjoyed it I look forward to see what she comes out with next!!

I LOVED THIS BOOK! It was refreshing to read a book with helpful wedding tips & advice from someone who knows the industry. The book is well written, organized and filled with information every bride needs to plan her wedding day. From A-Z every topic was covered from etiquette to attire and wedding day solutions - this is a must read.
