## Customer Reviews

Love the recipes. They are very close to some of the Chinese recipes that I use in my own home cooking and I have seen new recipes that are intriguing to me. I would have liked to have seen recipes for a version of fried rice found in Boston however and one for roast pork, but overall I think that this recipe book was great.

I have so often tried to copy Chinese takeout and have come close this book did it thank you so much. I have been enjoying all that I have made. In all honesty this is better than takeout!!!

Outstanding and easy cookbook, every page has well written instructions and great pictures. I get hungry just looking at the pictures.

There were a lot of recipes that included pork and shrimp, which I can't eat. However, the chicken and beef dishes looked wonderful like the Beef Chow Fun and Moo Goo Gai Pan. I'm looking forward to trying those.

I found this a great selection of take-out style North American chinese food with simple instructions. Writing up my grocery list.

I made a few really tasty recipes so far using this book. I hope to try more in the future. Great recipes with easy instructions. Full of pictures and I have shared many of them with friends.

I liked these Chinese recipes. They seem easy to make & look delicious just like in the restaurant! I can't wait to try some of the recipes.

a nice enough little book, nothing to amazing in it - but handy for a few everyday recipes
