Customer Reviews

compared the old SAT it must be updated for example there are some topics such as probability combination and permutation there is no in New SAT and also tips are not well explain compared the old SATi mean it is really good book but in old SAT Dr John was the best and i think for the next edition it will be the same successps: pls increase the number of practice

80% of the problems came from his old SAT book. This book is useless if you have the old one

Lots of errors in this book. Wait for the revisions.

Dr. John Chung's New SAT Math book is for anyone who is aiming for the best score that they can

ever achieve. It outlines the questions into different sections which helps a lot of people organize methods of solving in preparation for the actual SAT by providing sample questions. Instead of using your money on other less useful books, Dr. John Chung's New SAT Math is the way to go if you're looking for a helpful book to boost up your SAT Math score. I personally know a lot of people that got accepted into their dream schools by using Dr. John Chung's SAT Math books, and displaying a boost in math scores. If you want to be considered a successful college applicant, then using Dr. John Chung's is the best choice that you can ever make in your high school career.

Always good test prep book
