Customer Reviews

It's everything you could expect out of a Spanish language prep workbook. My only critique would be that there should be more full-length practice tests.

Helped my son big time in AP 11th grade spanish.

I brought this book for my brother who is attending college and it is very helpful for him to use.

It's a pretty good book, just wish it had a bit more practice recordings.

Arrived right on time great for practicing

Daughter is using it and it came on time.
