Delicious and Easy! I absolutely love this book. I'm a total kitchen novice, always following the recipe. Repeatedly I am amazed that I can make such yummy food that is healthy and my carnivore

boyfriend absolutely loves. We both find ourselves saying, "I can't believe this is Vegan." I would definitely recommend this cookbook to carnivores who want a new tasty and healthy spin. For my first Vegan 101 recipe, Velvety Kale Soup, I decided to go super healthy to see if the final result was equally yummy. Packed full of kale and spinach, I had my doubts, but the soup was beyond delicious. Finally a way I can actually eat kale! I also love how the first recipe of each section provides multiple variations of the recipe because 1) If you don't dig Velvety Kale Soup you can make Creamy Butternut Squash Soup and 2) The multiple variations helps me learn the overall recipe better for making faster in the future. So far I've made 5 different dishes, and I can't wait to dive in more. The ideas and recipes are super clever and varied for so many occasions. Vegan 101 is definitely becoming my go-to cookbook. Thank you Spork Foods - Heather & Jenny!
