Cooking Like Your Grandma Did

Synopsis

Some experts say you shouldn't eat anything that your grandparents wouldn't recognize as food. This cookbook will help you achieve that goal. Included within are one hundred and fifty recipes which are seafood based contributed from personal recipes. All are from rural areas, mainly Midwestern though women from all over have happily added their versions of these traditional and not-so-traditional recipes. This book is dedicated to all those old ladies out there who contributed to this book. Willingly or otherwise and whether they know it or not. Included are recipes for tuna, crab, shrimp, snapper, mackerel, scallops, frog legs, oysters, clams, crawfish, salmon, trout, swordfish, lobster and more!
