# Simply Beautiful Beads

## Synopsis

Simply Beautiful Beads is a compilation of my most popular designs that I have taught at national bead shows as well as locally in my home town. The book allows beading enthusiasts to access to classes in which they may not otherwise have access. This book contains 20 projects with difficulty levels from beginner to advanced. There is also a resources section to help with the basic stitches that are used in the designs.

## Customer Reviews

Beautiful, traditional crystal and seed bead projects with a lot of class. I really enjoy the necklaces in particular...they make wonderful gifts and are great for practicing basic stitches if you want very much \*not\* basic results. While each of these pieces can be made by an attentive beginner, I would recommend these to intermediate beaders with some prior understanding of the techniques. Solid pictures and diagrammes, good beading supply lists, and thoughtful tips.

Loved the colorful and inspiring ideas, beautiful work. Fast read, good instructions. Some simple ideas for making fast fast, easy, beautiful beads.

Creative and beautiful designs. Suggestion to have more images, especially for newbies. Have purchased for my collection. Thank you !
