## Customer Reviews

Pressure cooking was never more fun for me. This book is really HUGE, and it gives so many brilliant ideas! I actually want to try most of those recipes some time in the future. One of the cool things that the author gives the info for different pressure types. So it will be good for every type of pressure cooker. Risottos are fast and yummy. Some combinations are proposed, but you may easily add or subtract ingredients that you have in the fridge, making it taste completely different. Did I mention the desserts? Man, those honey pears were fantaaaastic! I need to stop now, otherwise I will go to the fridge again))) So this book is definitely a winner!

I have a pressure cooker and was interested in this book for the recipes. It didn't disappoint it has plenty of recipes that you could use for your pressure cooker. I like that this book divides the recipes by types of food (breakfast, vegetables, meats, beans, etc). The recipes also include the nutritional facts which it is good to know how many calories and carbs you would be consuming. The author also includes the benefits of pressure cooking and gives detailed step-by-step information about how to use the Instant Pot. I am considering getting The Instant Pot since this book makes it seem very easy to use and gives great recipes. I received this book in exchange for my unbiased review.

This is a great cookbook for the whole family. It has always been important to me that the recipes were easy and the ingredients are readily available. In this book, all the recipes are just like that. I

can quickly prepare breakfast, lunch or dinner, thanks to this book. Especially I like the combination of flavors in recipes. Appetizing aroma always spread throughout the house. Thanks to the author for this cookbook. I recommend this book!

I recently purchased a pressure cooker, and I know a little pressure cooker recipes. So I was glad to get this book. Here, a large number of really delicious and simple recipes! This is a great assistant to every hostess! My favorite recipes from this book: Mediterranean Lamb Shanks, tuna noodles, Creamy chicken and Wild rice Soup, and Chocolate Custard. Yummy!

Wonderful book! There are some good and delicious recipes in this book. It contains lots of recipes and techniques. These recipes in this book will give you good time with family and it will inspired you to start pressure cooking. A very impressive cookbook that really worth purchasing. I will highly recommend this book to anyone looking for a cookbook for pressure cooking.

This book offers a lot of nutritious recipes inside, I am really loving it. What I liked about this book is the fact that it introduces a product which is the pressure cooker as well as giving the readers variety of recipes that can be cooked using it. Is it enough to say that our body needs healthy food, I think it isn't. Pressure cooker unlike deep frying and steaming lets the natural vitamins of foods remain instead of diminishing them. I love this book. Without any doubt, this is my favorite pressure cooker book that I own.

Informative book on pressure cooking .it really awesome book for me.This is the Most Exclusive Recipe Book Ever I read.This book contained many guideline and recipes on Easy Pressure Cooking Techniques and The Most Explosive Flavours with types of machine Stovetop and Electric use.I tried two of this book and that was delicious.
