As a beginner I find that the land of Minecraft is confusing and leaves me with a harrowing experience. On my first day in this world, I found myself facing a mob that hisses and walks towards me with a great spirit to kill me. Well, the first Minecraft book that I have read today is also a guide but a basic one but this book had taught me a lot of secrets in playing Minecraft even just for a beginners like me.

This is helpful and thorough for a beginner starting their minecraft journey. When I first started, I kept dying due to not grabbing the right resources on day one and I didn't know how to protect myself against creepers and spidies. This book was great to show me how to succeed in minecraft
