I am a long time Ingress player and when Pokemon Go suddenly became such an overnight sensation, claiming to be an app that got kids off their butt and outside in the world trying to capture creatures and collect items, I knew I had to investigate. Sure enough Pokemon Go is just like Ingress but finding a comprehensive guide that explains how to play was almost impossible to find until I discovered this on . This guide is all you need to be able to play Pokemon Go like a pro. It has hints and tips to help you learn how to find, catch and train your Pokemon so you can battle other

trainers and advance levels quickly.

Pokemon Go has taken over the nation! From its humble beginnings in 1995, the Pokemon franchise continues to evolve, enchanting fans throughout the world. Pokemon Go takes the franchise to a new level. This takes the player into the outside world on a quest for rare Pokemon. For those who are just getting started with this app, Pokemon Go: The Ultimate Guide by Jake Neistat gives a great overview to get you underway. It starts with installation of the app and then explains all of the things encountered in the app. Overall, this a great guide for anyone interested in improving their Pokemon Go skills as well as their chances of seeing rare Pokemon. Rather than searching all over the web, buy this book as it puts all of the necessary information in one neat, easy to read package.

If you're a fan of Pokemon, get ready to be a master of Pokemon Go--the latest sensation across the globe. This guide will tell you everything you need on how to play the game after you download the free app. With excellent instructions and images, it would show you how to capture Pokemon and how to heal your Pokemon during each gym battle. Good luck Pokemon trainers and go forth to find him!

What a great guide for newbies like myself and more experienced players. This book seriously has it all. Everything from the history, to tips and tricks, to how to download the game on your device. So get this guide, download the app, get off the couch and join the fun!

Cute book. Bought this for my 8 year old son, who is obsessed with Pokemon Go (and honestly, I kind of am now too). The book seems like a good informative book, but it's very cheap looking and doesn't even look much like a "real" book. Still a good purchase though, for what it is.

Pretty good tips for this game. Sadly I didn't know that trick for beginning with Pikachu but I catch one later on. I like the explanation of the lucky egg and gyms battles, that is something that I have not done yet, even if I'm level 9.

After reading another guide available online I was disappointed, not so with this though. The Ultimate Guide steps you through exactly how to play the game the best way and includes some cool tips - recommended!

This was a present for a 6 year old. He adores it. Great scholastic book with tons of pictures of the Pokemon icons. Great for parent child reading time. A good addition for Pokemon collectors of all ages
