Harriet Tubman: The Extraordinary Life

Synopsis

Harriet Tubman: The Extraordinary LifeFor decades, children have learned in school that Harriet Tubman was a conductor for the underground railroad, helping slaves reach freedom. Not much else is usually discussed, and for most of us, the complete story of her life is a mystery. Most of this courageous and multi-faceted womanâ™s life has largely been ignored. Myths and rumors surround her earlier years, as people try to guess where she came from and how she came to be a key player in the abolitionist movement. However, the information is available, primarily through oral history, letters, biographies written during her lifetime, and a few official documents. It takes some digging to get to the bottom of the story, but it is definitely possible. Harriet Tubman was born a slave, but found her way to freedom. Yet, she wasnâ™t satisfied to stop at caring for her own welfare. She went on to save others from the degradation and harsh conditions of slavery. Her contributions to the abolitionist cause didnâ™t end there, either. She worked with the union army, taking on dangerous assignments for the benefit of all the slaves and indeed, the betterment of the entire country. Without Harriet Tubman and others who fought from the inside out, the Civil War might have gone completely differently. Her life was and is an inspiring example of what one person can do to right wrongs and change the world for the better. One brief book, or even several full-length biographies, canâ™t possibly tell Harriet Tubmanâ™s complete story, nor the great lengths she went to to fight for a noble cause. Still, even this short biography will give you a greater understanding and appreciation for this extraordinary figure. Long ago, a powerhouse of a woman brought intelligence, courage and persistence to the monumental task of overcoming slavery. Harriet Tubman inspired the people of her time, and her example continues to speak to the human need to see beyond our own struggles and affect change in our world. Who was this extraordinary figure? Read on, dear reader! Invest in your education and re-discover the joy of reading here. Download this book NOW and begin reading INSTANTLY! Harriet Tubman: The Extraordinary Life

Customer Reviews

Long prior, a powerhouse of a lady brought knowledge, strength and diligence to the stupendous undertaking of conquering subjugation. Harriet Tubman motivated the general population of her time, and her case keeps on addressing the human need to see past our own particular battles and influence change in our reality. Bondage was at that point a practice before Harriet Tubman was conceived. Nobody knows precisely when she was conceived. As she grew up, she was at that point went on starting with one proprietor then onto the next, beaten by one proprietor and another. So startling life she persevered since youth. Until she discover her approach to battle for her opportunity.

I would recommend this for a high school student. It is a nice over view, a summary of her life
