ScrewAttack's Video Game Vault: The Best Of Nintendo 64

Synopsis

Happy Anniversary N64! It's been twenty years since every kid growing up in the 90s lost their mind when they received an N64. Whether it was for your birthday, on Christmas morning or your bar mitzvah, the Nintendo 64 changed your life. The folks at ScrewAttack are no exception. To them, the 64 continues to be one of the greatest inventions known to man. With that kind of importance, it only made sense to relaunch the Video Game Vault series with the N64 leading the way. Following in the vein of their hit series "Video Game Vault," ScrewAttack's debut book takes a look at one of the most important systems in history. The ScrewAttack team covers their favorite games for Nintendo's iconic console while providing quirky personal stories that these games helped create. From the traditional fan-favorites, to the games everyone loved to hate, the Vault is back and it has it all.

Book Information

Paperback: 174 pages

Publisher: Mango (June 28, 2016)

Language: English

Customer Reviews

As an N64 collector and a fan of ScrewAttack's website, I was quite eager to get this book. Overall, it is decent, and if you have a curiosity about the N64 and its games, there's no reason not to pick it up, I just wish it was more in-depth. The screwAttack crew only covers 46 games in this book, which is a little disappointing to me since there were about 300 games released in America for it. Now, if it was only one or two people writing it, I could understand, but there are 9 authors in this book, who cover about 4 or 5 games each. That's it? Despite claiming the N64 to be one of their favorite systems, they only write 1 - 2 page essays about each game, which do contain some funny

anecdotes, but they're very short and leave me wanting more. As you can imagine, this book reads incredibly fast. I finished it in about an hour! With 9 people working on one book, they should have covered at least 100 games here. Heck, I could easily write 100 pages on the 40+ games in my collection alone. Like them, I have so many great memories of growing up in the 90's with the N64. It was an amazing system and I could talk for hours about the games on it. Don't get me wrong, I thoroughly enjoyed reading each entry on some of my favorite games, but the reason I give it 3 stars is because overall I wanted more. More games, more pages, more funny stories, more thoughts and reflections, etc. It just needs more.

It's so much like the YouTube series

This is a great piece of nostalgia. Bring me back to my younger days shooting bad guys & my brother in multiplayer mode. Love it.

Hope there'll be a book about Sega Genesis or PS1
