Customer Reviews

I was expecting kids jokes which wouldn't apply to adults, but the jokes were quite funny even for myself.The book was a barrel of laughs, not thinking I would laugh i did when I saw the answer.You will gain entertainment from the book. well worth the money

I think going through a funny book like this gives us so much to enjoy and we do keep our mind busy reading .You will realize this as your reading speed increases. There will come a time when you will no longer be able to focus on each word individually, and you wonâ™t even feel the need to. At an even more advanced level, you wonâ™t even stay on a word long enough to focus on it, thus making you read in a somewhat unfocused state.

Who said jokes are just for kids? I can't wait to share this book to children. The jokes inside this book is incredibly bore-quencher. You will always feel young every time you read a hilariously made jokes. The author not just tickles me but also feels me younger. A very enjoying book for my family laughing bonding!

I really loved reading jokes. When I found this book here, I really wanted to purchase it. Then I started reading it and I really have fun with Yo Mama Jokes. Laughing the whole time is what I did when I read this book. If you loved reading jokes, then, I highly recommend this book for you.

This is something I have never seen before ^,, .. You can select a different kind of language and laugh and laugh :). I really enjoyed this jokes its good to know some jokes you never know :D. This is something different and the author used his creativity. Thanks.

I have become a nut at reading the Jokes' books by Moore. This very one will also be great to my young cousin and I just read it and loved the flow as it keeps me in the present as I unwind the daily work's load, and replenishing the new day in style.

I had a pretty good laugh reading all these yo mama jokes! I've been looking for a book like this that cleverly compiles all the best yo mama jokes available in the internet and I'm so glad that I bought this! It saves any weary day! I can't even begin to truly express how much I laughed reading all the jokes here.

I haven't laughed so much in a long long time and this book accomplished it from the first joke right down the last one! I loved how the author separated the book into different levels of the joke. Funny doesn't describe this book it is down right hilarious!!! A must have!!!
