Synopsis

Big Collection Of Essential Oils: Amazing DIY Recipes Of Essential Oils Blends, Soap Making And Repellents
Book#1: Essential Oils 45 Wonderful Summer Diffuser Blends

Essential oils simply explode with a whole variety of health benefits. They are praised for their antiseptic, antiviral, stimulant, antispasmodic, analgesic and all sorts of other properties. Since diffusion effectively distributes essential oil molecules into the air, this process is a great way to maximize your experience with these powerful oils. There are different ways to diffuse essential oils, but in this book, the focus will be on those blends that can be used in candle oil and ultrasonic diffusers.

Book#2: Essential Oils: 20+ Recipes For Your Body And Soul Look Relaxed And Well-Groomed

It's really amazing how just a drop or two of some essential oil can help you get rid of a headache or back pain, fill up a whole room with a relaxing scent, or even turn plain water into a soothing bath. Although you can find a variety of essential oils in stores, it can't make up for the amazing feeling that will fill you up once the magical fragrance starts to spread through your home as you prepare your essential oils. Essential oils are today widely used for various purposes, such as improving focus and concentration, moisturizing the skin, keeping hair shiny and helping its growth. Some essential oils are even used as bug repellents. In just a few steps, you can experience all of these essential oil powers.
Book#3: Homemade Sunscreen 30 Natural And 100% Non-Toxic Sunscreen Recipes + After-Sun Skin Care

A safer way to keep your skin protected and nourished is to make your own sunscreen lotions. The ingredients are all natural and beneficial for you, and you can easily find them. For most of the recipes, you will need coconut or avocado oil, shea butter, as well as essential oils, such as peppermint, lavender, chamomile, etc. What is even more, you will need about 10-15 minutes to prepare each of these lotions, and you don't need any special equipment. In this book, you will find recipes for body sunscreen lotions as well as for facial creams.

These are perfect for those with sensitive skin. And there's more! You will also learn how to make sunscreen bars and after-sun, pain-relieving lotions.
