Customer Reviews

I've been looking to broaden my horizons with my cooking. I've never tried harissa, actually I've never heard of it. This book teaches you how to make it. It's like a pepper condiment. Then the book gives you recipes that incorporate harissa. The way I would describe the recipes are Mediterranean meets Mexican meets Indian. It's uniquely its own but that's how I would describe it to someone who has never heard of it. I can't wait to try some of these recipes, they sound so unique and delicious!

I have never cooked harissa before, but wanted to make it really passionately. That is why I got this book and decided to learn cooking harisaa. I should say that I managed to do it. I tried and I made a great one. The whole family was amazed. It was really delicious. It was a unique and delicious recipe!
