## Customer Reviews

When I first ordered the ebook, I was skeptical about how much a few pages could help me. However, I was instantly drawn into the book in the first two short chapters. The author pulled me in with anecdotes that related to my struggles with the ACT essays(i.e. how he was a B student in HS English, but still managed to score a perfect 36!)The book includes a highly organized outline with college-level words implemented to help students who are poor essay writers(like me). Furthermore, it also provides easy- to-understand versatile examples, which I have been struggling to find on the

internet. Moreover, when in case those fail to answer the essay prompt, Mr. Phu goes into detail about what to do from there. Although I have not taken the ACT yet, I strongly recommend purchasing this book as a must have!! only wish that Mr. Phu would create a ACT Reading book.

Awesome book. I've bought all the other standard ACT books from Kaplan, Princeton Review, and Barron's, but this book just goes above and beyond. It's definitely geared for a perfect score essay. Definitely recommended for anyone who wants to score in the top range.

The essay template is a very useful tool and the ideas about generating specific examples has really changed the way I help my kids prepare for the ACT essay.

It is no secret that the ACT is necessary for college admission. This book delivers clear and concise insight on how to tackle the written part of the exam.
