## Synopsis

In spite of new technology in smartphones and tablets, laptop computers are still very much a major part of today's home and business world. So why not start making money by keeping these machines running fast and smooth? This book is not about teaching or showing you how to do every laptop repair in the book. That is not where the money is. The money is in doing only specific laptop repairs which allow you to complete quickly, get paid, and move on. And you probably have almost everything you need right now to start making those simple repairs. You only need to be shown how to do it. So make sure you understand that This is not a book to teach you the indepth hardcore laptop remanufacturing and such, this is about making big money from 18 well chosen repairs that are in daily demand all around you right this very minute. Did you know that there are a number of unknown online auction sites today that provides services to government agencies ONLY? Well, you probably didn't, but those sites allow you and I to make huge sums of money every single day of the week. How? Well, those websites sell tons and tons of government surplus and confiscated items via the Internet for next to nothing! I'm talking about barely used laptops for \$1.00 - \$20.00, desktop computers for pennies, and even cars! Yes all those things are there for next to nothing, and you have the opportunity to grab as much as you can take and resell it for hundreds of dollars! For the sake of this book, you're only going to be taking laptop computers! Today you're going to find that what sounds too good to be true in this case is really just your ship sailing in. That's right, using those free to join websites you're going to be able to grab more than your fair share of new or barely used laptops for next to nothing. And for those that you get that need certain minor repairs you're going to take these back to your kitchen table or garage corner, make the easy repair, and then sell them for hundreds of dollars! I'm not kidding. If you ever sought a way to make great money from home, this is it.
