Customer Reviews

These cards are so quirky & awesome! I love going through the Major Arcana & seeing how they are represented in these cards. I've seen many people write that these would be fun as a non-serious reading, or to choose what to eat for dinner (per the game instructions in the little booklet that is included), but for whatever reason I actually get pretty good readings off of these. Maybe since I love cooking, the artwork, that the cards relax me a little, or a combination of any of those things is why I connect with them so well. Best purchase this year!

Josh's art is fantastic and this set of tarot cards is a creative way to showcase an artist's work. The cards are big enough to see all of the details in the illustrations. Josh's style is pretty identifiable, with the warm tones he chooses, and the lines. I'm going to leave these cards on the coffee table as a conversation starter, but also to help decide what to eat. My only complaint is I wish there was a tarot card for prunes.

This eccentric tarot deck is now my new decision maker when it comes to choosing what to eat. The

art is fantastic, it always finds its way to the table at cocktail parties, and looks great on a coffee table/book shelf. This is a novelty item that can fit just about anywhere.

I love these cards. The pictures make me so hungry. In the past I've never been able to decide what to eatâ "those days are over!! I love letting the spirits pick each and everyone of my meals. This card set has made me healthier and happier in ways I never imagined. Thank you Josh LaFayette for blessing us with this food fortune!!!

I'm a tarot reader, and I heard about this deck on a forum that I frequent. No one was taking it seriously, but everyone liked it and thought it was funny. So I bought a copy. It is funny, and I can see some relation to tarot in some of the cards. It gave me a good laugh, and reminded me that we need a break from taking things seriously for a while.

Give these to the work crew that can't ever decide what to order for lunch. Beautiful art and a great take on a Tarot deck. Fun to have and I think a Must for any Tarot collector. You can try to read them but you will just end up with a hankering for the folded one!
