inÂ Books > Computers & Technology > Mobile Phones, Tablets & E-Readers > Tablets #333

inÂ Kindle Store > Kindle Short Reads > 45 minutes (22-32 pages) > Computers & Technology

## Customer Reviews

IT is basically white paper tablet and we can use it by writing different topic contents etc in it. This is something different to others which the user generally didnot know and they must have to read this boook. Amazing book.

This "manual" has so many typos it's practically unintelligible. The content is superficial and reads like a sales brochure, not a user guide. You get a description of a feature without instructions on how to actually use it! Truly awful.

This is the most amazing bbok i ever read on the paperwhite user manual. It has a lot of information and also have 11 secret features which is amazing to read and have knowledge about them.

So far the it's actually the ultimate guide on paperwhite I could find. I have read 3 books on Paperwhite and this one is the most comprehensive and to the point at the same time.
