Aced (PresLocke Series Book 1)

Synopsis

Ace Locke is Hollywood's hottest action hero. Women across the globe fling their panties in his direction, but Ace isn't interested in those—he's more of a boxer briefs kind of guy. Specifically, those of the nearly naked male model on a billboard he drives past every day. Though he recently made headlines for his public coming out, Ace is wary about pursuing a relationship, fearing what the court of public opinion will do to his career. But there's something in the model's expression that intrigues him and has him wondering what if? Dylan Prescott just scored his biggest modeling campaign yet. One that has him plastered all over L.A. in not much more than what he was born with. And when he's cast in Ace's latest blockbuster, it puts him in close proximity to his ultimate fantasy. Outwardly confident, Dylan has no problem with his sexuality or his pretty-boy looks, and uses both to his advantage to get what he wants. And what he wants is the impossible—Ace Locke. From Ella Frank's Sunset Cove series and Brooke Blaine's L.A. Liaisons series comes a scorchingly hot novel that blends humor, passion, and romance. What happens when these two worlds collide? Although Aced is a spin-off of Ella and Brooke's series, prior reading of those novels is not required.*

I don't even know what to say about *Aced* by Ella Frank and Brooke Blaine. It was delicious, passionate, witty, sweet, romantic, panty-melting, HOT... it was one of those books that you don't want to read in public and can't put down until there are no more pages left to swipe. We have sexy Hollywood action hero Ace. He comes off as confident, cocky - he can walk into a room and own it. Everyone wants him, but he just came out so his eyes are set on the men. And really there's one man he can't stop thinking about, dreaming, about, stopping traffic to just stare at... See there is a big ol' billboard along Hollywood Blvd that has a scrumptious looking man in his Calvin Klein undies. Everything about it, the body the look in his eyes has set Ace on fire. Too bad he doesn't know who he is! Dylan is new to Hollywood. Coming off a huge modeling campaign he has landed a role in a movie. And get this the star is Ace - Dylan's dream man! Dylan is completely comfortable in his own skin, has no filter and he goes after what he wants. Watching the sparks fly between these two was something else. Their chemistry had me hot and bothered before anything even happened. And there were scenes that just... well they should have set my kindle on fire with how HOT they were. But it is not all passion and sex here (though don't get me wrong I can't wait to read more of that!) There is a sweet story about two people building a relationship together. Learning to trust. Finding their groove. The banter and humor in this book had me with aching cheeks from the smiles on my face. And OMG Dylan's family!!! I want MORE! They were HILARIOUS!!!! I loved how the authors painted the characters. While Ace is cocky and confident he has a real vulnerable side once you get to know him.

So, why did I give it four stars? Well, I can't give it 3 1/2 which is what I would if these review sites would let us do things like that. There are several reasons I loved this book: 1) Even though he has issues, Dylan Prescott comes across as a real guy, bringing in himself smoothly into this story from his supportive role in Ella Frank's super "Devil's Kiss" from her "Sunset Cove" series. He's 10 times stronger than the kind of airhead that most people imagine fashion models to be, and the fact that he lands a role in a movie starring his all-time favorite hard crush, Ace Locke, is cute. 2) Ace Locke (I suppose he's on the cover) is a bit much to believe, given the circumstances of his outing. His obsession with the billboard in Hollywood where Dylan appears in glorious brief-clad enticement is genuine as is the shock when he realizes that this man is going to be a player in his new

blockbuster. His crummy, defensive, initial attitude toward Dylan is reversed early on, and from there I warmed up to him.³) I loved the way Derek and Jordan from "Devil's Kiss" made their way into this book, though I really have a sneaky suspicion about why they sort of slipped in by phone right before the penultimate, definitive sex scene that Ace had conjured up for Dylan. I also loved that Logan Mitchell, the protagonist of Frank's "Temptation" series made his way into the mix as well.⁴) The sex was incredible. Now, what I did not like.¹) Just too much introspection about the consequences of outing for Ace and the consequences of commitment for Dylan. These are not complicated guys but they seemed to have been made complex.
