Customer Reviews

When I was stationed in Germany for the military I would many times cross over to Poland, found it a fascinating country with great people. I forgot most of the polish I learned, now I am trying relearn

Polish. This box set was amazing, really useful Phrases, words + grammar = Awesomeness.
Defiantly recommended.

I am planning to move to Poland to Krakow. Looking for a self-guided books, this was defiantly the book. I am glad that I can have two books for a solid price, and this book is actually not written with too much ridiculous grammar. I want to learn to speak not necessarily write well. Descent books!

I enjoyed this Bundle for learning, polish, I have to admit I enjoyed the word and phrases in the first book rather than the language learning text. It was okay, but I just prefer to learn through the most useful phrases rather than grammar and specific language learning, but that just my opinion overall I enjoyed the books.

Though these books were good, I still think there could have been a bit more grammar, but I guess if you are into learning the basics these are good books.
