Customer Reviews

I enjoy coffee and I enjoy coloring, so this book is prefect. There is a nice variety in this book, some simple designs some complicated designs, and many different styles. I love the quotes!Works best with colored pencils, but that is my preferred medium, so it's great for me. If you use markers, I would recommend placing a blank piece of paper behind the page you are working on.

I love this coffee, I love coloring, I love this book! So nice to wind down with and even though it is adult book there is nothing in it my daughter can't color with me. Nice to have something in my ball park to color with her.

I love coffee and I love coloring, so this is the perfect mellow-time activity to bond with my daughter and spend time talking.

This book is full of fun images all dealing with coffee. I enjoy coloring in it.
