Synopsis

JUST F*CKING COLOR â “ Profanity Hidden in Plain Sight! [MATURE CONTENT] FREE PDF by Emailing publishing company at the back of the book, or buy the paperback and get the Kindle version for free!!! REVIEWERS - If you’re one of those douche bags who downloads the book for free and then writes a 7-page dissertation on how vulgar our designs are, or how they ruined your child’s adolescents . . . seriously, get a life. If you don’t like it, then you probably don’t have a sense of humor and more than likely you have very few friends because you’re a social failure and you rarely brush your teeth and you wear ugly pants. Yeah, I said it . . . ugly pants. Now, as for the rest of us a-holes grinding it out every day, let’s have some fun at other people’s expense! In this edition of the Just Fucking Color Series, we chose to focus on Demotivational Quotes. Sure, everyone is always saying to stay positive and keep your head up. Well, we say, sometimes it’s okay to just say F’ck it. Who gives a shit. Let all those other dickbags smile on a monday when the rest of us want to hit everyone in the office with a baseball bat. So F’ck them, F’ck mondays, and Just F*cking Color! This is a coloring book devoted to each and every one of us and to both celebrate and chastise all the fâ ™ing morons out there. The men and women who make your day a little bit worse. Letâ ™s collectively take a dump on the hood of their car. Take their tooth brush and scratch that moist part of your butthole with it. You know, do something nice. Show your support or contempt with your pens, pencils, crayons, markers, or lipstick! The main idea with this book was to provide the colorist with brilliant and stunning images to color, but then to really shake things up by splicing in dirty quotes, swear words, clever but vulgar sayings, sh*t like that. Itâ ™s an eye raping to be sure. Only until you finish coloring each image will the true profanity take itâ ™s shape. So be brilliant you son (or daughter) of a b*tch! Show us what youâ ™ve got! This book has been a collaborative effort between artists, designers, and psychologists. This book not only soothes you, but also increases mental stimulation. The pictures and designs may seem random at first glance, but theyâ ™re anything but. Our idea with this project was to both inspire you, and increase neuronal activity and stimulation in a way that activates very unique parts of your mind. There are fields of research suggesting that both children and adults who work with coloring books and designs can effectively raise their IQ. So have fun, relax, let the markers and pens do what they will, and hang on for an incredible, mind altering ride! We hope to give the designer (you) a very introspective and mind expanding experience. MARKER NOTE: If you feel like using markers, we suggest Staedtler Triplus Fineliner marker pens. Theyâ ™re easy to use and are very good when it comes to bleeding issues. Weâ ™ve chosen a paper that we feel offers the best compromise between durability and brightness so that your ideas come to life without being encumbered by the paper. USE A PIECE of

blank PAPER beneath your drawings as you color them, especially if you are using markers with alcohol in them. Ideally you would use map colors or colored pencils because they create the longest lasting unfading color. PLEASE: Take pictures of your finished coloring designs and post them to CYNTHIA VAN EDWARDâ™s Facebook page. Also, if you post them in a review we will send you a free copy of any of the other books Cynthia (or our other artists) have designed. So check us out and letâ™s see what youâ™re made of!
