HOLY Guacamole! I'm a huge dork and love this kind of stuff. Heck! I think you'd love it even if you weren't a huge dork. It's so much fun. This is a great gag book OR a great book if your dad or uncle just keeps recycling the same jokes over and over and they could use a nudge in a more **ahem** creative direction. These jokes are a crack up. Original, funny--never heard any of them before--and it's really nice to have on hand. I had to go to a really boring work meeting on Friday and I looked at this before--memorized a couple and whoop! I was a hit! And even more so than just the content, its layout is immaculate. It's easy to read, fun to take in, and I think that really is a testament to whoever edited this bad boy. It isn't clunky. It's just fun! Check it out--you won't be disappointed.

This is a very cringe-worthy book which should earn the respect of dads everywhere. The humor is just what you would expect when buying this book. The jokes are full of terrible puns and wordplay sure to earn anyone who tells them a chorus of groans. There is a large amount of jokes in this book (it is about 250 pages) and they are divided up into categories such as music, animals, and military. Accompanying the jokes are nice illustrations by the author's grand kids, and they add to the playful, family vibe of this book. A good thing to have around, especially if you are a lazy dad who wants the reputation with none of the work.

A book you will either want to buy for your father or desperately hide from him. A lot of these jokes that made me laugh out loud and if you are looking for a few ways to make your friends groan or begrudgingly giggle, this is a great book for that. Don't fear that this will be just another list of jokes everyone has heard before, this collection of jokes are fresh and new which is great because nothing's worse than someone finishing a joke for you. This is a great book to give as a gift to the new father in your life, they will no doubt appreciate and use it for years to come, giving the gift of groan to the next generation. If you enjoy good, albeit silly jokes whether you're a dad or not this is a great punny read.

Dad jokes make you groan, but they're still jokes. Set up, punch line. The problem with this book is that most of the "jokes" are just flat statements. Instead of "Why did the chicken cross the road? To get to there other side", we get something like "The chicken crossed the road to get to the other side." It's then up to you to take the sentence apart and make a joke out of it. You can't just flip it open and read a joke out loud. You have to read it, think about it, then reword it. Lots of raw material, but the format makes the experience suffer. Also, at least a third must be cow jokes with a pun on moo. Like, this book should have been called, "All the moo puns you could ever want, plus some raw material for puns of your own".

In my house, I am the one without a sense of humor. When I make a joke, I am the only one who laughs. I have totally resigned myself to that. If my family laughs at the same time that I do, it's because I laughed. This book was full of super funny jokes. I have a bread allergy. One of the funny jokes to me was: "Anyone with a wheat allergy who routinely eats pasta is just a gluten for punishment". I laughed pretty hardy at this joke! This book has over 1,001 Punny jokes. I think that your Dad would love this book. I know my husband did. Just a little story.... The day that my husband and I met. I was working at Perkins and was really busy. Well, in walks this man. He follows me

around the kitchen and back area. I'm thinking ok this guy is weird. He is telling everyone that he was in the military and just got back. I guess he came in to find out his schedule now that he was back. Anyway, one of the first things he said to me was a joke. He says "do you want to hear a joke"? I said "yes" and he says "A horse walked into a bar and the bartender says why such the long face"....I laughed and guess what? We are one 22 years of marriage. I guess that jokes really are something that attracts people. Does your dad love jokes? I totally recommend this joke book for him!! I received this book in exchange for my honest review

THE ULTIMATE BOOK OF DAD JOKES by GORDON HIDEAKI NAGAI... I will go out on a limb here and take two educated guesses. He had to have been a farmer at some point in his life and I bet he has written one or more joke books about cows. I like cows but 95 jokes/puns about cows out of 1000 and all of them are Q and A. That is a bit much. I must say the jokes are easy to remember even for my addled brain, most of them are one or two liners. I think the title is slightly misleading. To me, Dad jokes are jokes about Dad. Perhaps the book should be titled The Ultimate Book of Jokes for Dad. I called my nine-year-old grandson up to run a few of these puns by him. His response was less than positive. Where are the knock-knock jokes? I love those. I must say I do have a poor moo-mery so I can appreciate a one-liner. Gordon keep plugging away...
