Can't Let Go

Synopsis

We've all had that one special love and no matter how bad that person hurt you- you couldn't let go. Meet Amber, wife for 20 years and no kids. Her husband, Tre has women all over town for his pleasures. He also has children under the age of ten, that were not the product of his marriage to Amber. Not only does Tre cheat on Amber, he physically abuses her for the smallest occurrence, such as her forgetting to pick up his dry cleaning. You got that? Now meet Jayana, Tre's mistress for 15 years. Tre wouldn't dare put his hands on Jayana. He actually puts her on a pedestal and her wish, is his job to provide. While Amber is trying to hold on to Tre, he is trying to hold on to Jayana. Add in another woman who has her hooks in Tre, you have a recipe for terrible things to happen. Three women all involved with the same man, what could possibly go right. But think about it, what happens in the end when you CAN'T LET GO?

I loved this book! I was truly entertained with this book and it made me late for school because I did not move until I was done. The main character had me so angry with her because she accepted this mess from her husband, but I also understand that it is hard to walk away from someone that you truly love. I think she was more stubborn and refused to let another win him but in all honesty, he

didn't deserve her to begin with. I have recommended many of this author's works to my book group and they enjoys her work as well.

Can't Let Go is on fire and the characters are burning up the pages. OMG, Tre was a hot mess and took out his betrayal on his loving wife Amber. Jayana was a gold digger who spent her life on shoulda, coulda and woulda's after screwing up her marriage. Nyla was a lost soul of a young woman who wanted attention and the prize of becoming a wife. Tre played all the women in his life always assuming they weren't going no where no matter what he did. The one person who loved him and wanted so bad to have a good life with him was the one he threw in the trash the most. Lies, betrayal, abuse, backstabbing, babies all over the place was the story of Amber's life. Three women, one man and only one person with the money to keep it all going. I RECOMMEND THIS STORY TO EVERYONE WHO WANTS AND DEEPLY INTRIGUING STORY OF THE EVILNESS IN TRYING TO DESTROY THE ONLY PERSON WHO REALLY LOVES YOU. DANG.... THIS STORY WAS ON FIRE AND I KNOW YOU WILL ALL LIKE IT.

This book had me in tears! I loved the story! It was very emotional ! It have you looking at relationships in a different manner! But it was very good! The story lines stayed on point and the characters told there own story ! Well done!

I did like the story. It did keep your attention .Now for the down side. The book was full of typos. I could not really get what happen to Jayana . It was contradiction like the author could not decide weather she dies or breaks out of prison and stalks Corey. This indecision by the author was done earlier in the story. The biggest let down was not finding a part 2. It felt unfinished .

Can't let go was a good read,I cried for Amber but got mad at her as well.I couldn't deal with The shady butt he got what he deserves and Jayana and Nyla was sick individuals. This book had twistTurns bumpy rides and will hold your interest. I am looking forward to part two definitely looking for more reads by this lady.A must read

This book had me from the beginning. I cried with and for Amber. Men like Tre truly exist. I personally know one. I do not want to give the story away; however this book had me talking out loud, laughing, and cheering. This was a good read. Now you have me waiting for the sequel.

SMH. It was a good premise but there were so many issues with the actual writing that I was more annoyed than anything in reading it. First off, someone needs to edit it. It goes from talking in the first person to narrating in the same sentence AT LEAST 20 times throughout the book and there are a lot of typos and missing words that I could've overlooked had it not been for the additional issues with who was talking. Then, my next issue was that there was way more story telling than actual interaction between the characters. More than 50% of it is describing what they were doing, thinking and feeling instead of letting some of it actually play out and be said. I didn't enjoy this book but it has the potential to be better if somebody would take it back to the drawing board and get a copy editor on it.

Can't let go was such a good read. Tre was such a dog and when things didn't go right with Jayana he took it out on Amber physically and emotional abusing her. Jayana was a gold digger who was using Tre and longing to get her ex husband Corey back but one bad decision put her life and freedom in peril. Nyla was a young college student mother of twins who just wanted to be the wife. Corey was Jayana ex who wanted nothing to do with her but wanted someone to love. Amber wow married to Tre for over 17yrs but let him do what he wanted til she got fed up then watch out. Follow this book as these lives are intertwined. I recommend this book to anyone looking for drama and intrigue.
