Trekking On: A Boer Journal Of World War One

DENEYS REITZ

TREKking ON

A BOER JOURNAL OF
WORLD WAR ONE

Synopsis

On the 31st of May, 1902, the war in South Africa came to an end after three adventurous years. Now Reitz would join the war in Europe. Following his father's example, Deneys Reitz refused to accept the terms of the peace treaty and went into exile, on Madagascar. After four years of trials and adventures, Reitz recounts how his former commander, J. C. Smuts, eventually persuaded him to return home to help rebuild their country. A long and troubled process, shortly after the outbreak of the First World War South Africans were further divided by the September 1914 rebellion. Serving alongside Smuts once more, Reitz describes an oft-overlooked theatre of the war as they continued their campaign into Germany's African Colonies. Continuing immediately from *Commando: A Boer Journal of the Boer War*, Reitz's stirring memoir carries him towards the Western Front and the final years of the war, fighting with the British, but not for them. Deneys Reitz (1882-1944) was a Boer soldier, lawyer, author and politician. After commanding the 1st Battalion Royal Scots Fusiliers on the Western Front, at the end of the First World War he returned home, later becoming a member of the South African government. *Trekking On* is the second of three volumes he wrote about his life. Customer Reviews

Despite being a great admirer of Deneys Reitz's book "Commando," I had never got around to reading his follow up book, "Trekking On." As someone with a keen interest in South African history, I found his writings on the little known rebellion against Smuts and Botha immediately prior to the First World War, very enlightening. Also, his experiences in German South West Africa and German East Africa threw new light on that almost forgotten part of that terrible war. I went on to read of his experiences in the Western Front where he ultimately commanded the Royal Scots Fusiliers, quite a remarkable feat for a man who, 15 years earlier, had fought against the British in the Boer War! His writings on the day to day struggle in the trenches, more than anything I have ever read, brought home the horrors of that war in a way I had not fully comprehended. Highly recommended for any student of history.

I finished this book on the 100th anniversary of the start of the battle of the Somme. Reitz fought against the British in the Boer War but joined the British Army late in 1916 and rose to command a regiment, serving through early 1919. His account of the German Spring Offensive in 1918 is hair-raising. His style is unaffected, modern in tone, and matter of fact despite having seen the worst fighting imaginable, and being gassed and badly wounded twice. This book followed on his account of the Boer War, "Commando." Reitz went on to be a prominent political figure in South Africa, and the third book, "No Outspan" covers those years.

This is an old book written many years ago but it is a most worthwhile read. Deneys Reitz writes in an engrossing and easy style and the book is hard to put down. It is an incredible first hand account of hardship and bravery in the trenches in WWI told without exaggeration.

A gifted writer carries the reader into the deadly trenches where the British fought the Germans...it's the most graphic True account of trench life and death..and the constant artillery bombardment with men being shredded with shrapnel...The best account of WW 1 I have ever read.

A dispassionate but action packed history of a young mans experiences of the turmoil experienced

post 1910 in the Union Of South Africa, German South West Africa (Namibia), German East Africa (Tanzania) and later on the Front in war torn France in 1917 /18. His views read with the efluxxing of time are significant.

TREKKING ON. THE FIRST PORTION I FOUND VERY INTERESTING, THE SECOND PART WAS INTERESTING AND INFORMATIVE BUT THE DAY TO DAY ACCOUNT OF THE WAR BECAME A BIT BORING, MAYBE ALSO BECAUSE I HAVE NEVER BEEN TO FRANCE SO THE TOWNS AND THE LAYOUT IS NOT FAMILIAR.

It isn't quite as exciting as his first book, but pretty good. Also, it is the only Ally side book about the war effort in German East Africa that I have read that isn't propaganda. I have already recommended it to friends, but y all means read Commando first.

Excellent insight into the Great War from a real warrior. showed the Boer mind in a new light, frank and honest. Well written and interesting from start to finish. Also highly recommend his other book, Commando, probably one of the most interesting and well written books I have ever read.
