Easy Learning Spanish Grammar (Collins Easy Learning Spanish) (Spanish Edition)

Synopsis

This book offers beginners a clear and easy-to-understand guide to the verbs and grammar of Spanish. Ideal for Spanish revision. Designed for all those learning Spanish at school, at work or at home. It provides easily accessible information in an attractively presented layout. Key grammatical points are highlighted throughout as a means of reinforcement. In addition, a full glossary gives clear explanations of grammatical terminology. Provides beginners with all the regular verb forms and conjugations, and the most common tenses of irregular verbs are shown in full. An index contains over 2,800 verbs which are cross-referred to their conjugation model. Explains the essential points of Spanish grammar using simple language throughout. Hundreds of examples of real Spanish illustrate clearly the grammatical points being made. Specially designed for eReaders, including iPad, with a clear, colour layout.

Customer Reviews

This is a very good book for grammar assistance when using an online Spanish learning program such as Babbel or Rosetta Stone. It fills the grammar rules gaps that those learning tools often just let the student learn by experience.
