# **The Silver Shield Guide: For Micro Mintage Collectors And Investors (Silver Shield Quarterly Guides Book 1)**

## **Synopsis**

This guide is believed to be the first of its kind intended for those now discovering independent micro mintage silver art rounds issued by private mints. The attributes of precious metals, unique art, a meaning that resonates, and limited mintage, results in price appreciation, usually significantly more than the value of the silver content, attracting attention of collectors and investors alike. Presented here are the art rounds created and released by the Silver Shield Group. Silver Shield is about the largest pioneering force in the independent silver art space, releasing over 250 variations of over 80 unique art designs since being founded in 2011. This guide contains the meaning behind all the designs, plus mintage, and current valuations. Whether or not you resonate with the meanings or designs, it is difficult to ignore their collector and investment potential. This guide is the first edition of future guides expected to be released quarterly. It is hoped you will find the compilation and organization of all the information on the complete Silver Shield collection in this guide to be a valuable resource.

## **Book Information**

File Size: 11133 KB

Print Length: 183 pages

Simultaneous Device Usage: Unlimited

Publisher: J.E. Gazdewich; 1 edition (June 29, 2016)

Publication Date: June 29, 2016

Sold by: Digital Services LLC

Language: English

## Customer Reviews

I bought a few of these as prizes before buying my own copy for myself. I have to say the information contained in these guides is beyond priceless as I'm building my Silver Shield Collection. I also have to admit the print quality on these is top notch and that's coming from my family who's owned a printing company for the last 4 years.
