## **Customer Reviews**

This book tells how the basic craps play is pretty simple, but a player needs to be able to understand the table layout and betting methods properly before starting to play. You see there are numerous types of bets. The player needs to understand the difference between the numerous bets and understand which one will give him or her the most advantage. Different bets give different advantages. Each player has the chance to roll the dice and I came to know that this title is called the crapshooter.

I never understood how to play craps and it seemed so complicated when I saw it so I didn't really bother to learn it. But I see now that it is a lot of fun. This guide is really simple, straightforward and to the point. It doesn't bore or drag with unnecessary details at all. The strategies and systems are easy to understand and I was able to play some craps for the first time in my life. It is very fun and addictive game so be careful. And read this book if you don't want to look like a fool at the table.

I was planning a visit to Las Vegas in near future and there is nothing better than to play games and do some hazard. I love craps but I am still pretty new in this game. Since I really wanted to learn and experience some good games I decided to get this book and I can tell there is nothing better than that choice. I finally understand all the rules and steps how to play it! Thank you!

Crap is an awesome guide that will let you master the game in no time, specially written for beginners, filled with smart tips and tricks, such as understanding Come Bets and Place Bets, field bets, preposition bets and many more terms that sound complex to a newbie. It also touches on table etiquette which I find very compelling and useful anywhere in the gaming world of casino. The best strategy for winning craps is to maximize the number of bets you have on the table that give you really god payouts in relation to your probability of winning. Knowing that you can see that this

book can really help you, so I really recommend this book!

Honestly I don't have any idea about craps that's why I purchased this book because curiosity kills me. After reading the book I can say I completely understood what craps really is. Craps game is really seem complicated game to play. This book is really simple, straight forward and to the point. The book provides a step by step breakdown of the game, including the basics rules and playing sequence. Great guide to have with.

craps - an interesting game, I heard about it recently, and decided to buy this book. The book is a very useful and simple, there are many good and understandable tips! I advise all fans of interesting games!

Do you love to learn how to play craps in a casino but do not know where to get information with? Then you are lucky because this book will tell you everything it knows about it. From its history, etiquette's and methods. You will surely going to be amazed on what you'll acquire. The information this book has is a great one to learn to. Techniques and tips are also included. A nice book to study on how to play craps.
