## **Customer Reviews**

The book had 404 locations on my kindle. The book was a boy, named Ciaron and man, named Artegon. Ciaron was a lonely young man, who had been on his own, since his grandmother died. Artegon was an immortal vampire, who had lost his beloved. Artegon refused to let go, therefore he cast a spell, which would one day, bring back the love of his life. The book contained a forced anal sex scene, which bonded the men. The book also contained blood drinking, a bit more unconventional anal sex and the assumption, that the judgmental towns people, who had done an horrific thing, would be brutally punished.

I am such a fan of vampire stories and even more so when romance and steamy love scenes are involved. Once again Amelita's writing style pulled me in so I felt as if I was right there with the

heroes as the story unfolded. I love the darkness of this minus the small torture scene at the beginning-these are always a stomach turner but necessary to understand the pain the characters endured. It makes the happy ending that much better. Awesome, awesome, story, great supernatural subject matter...I highly recommend!

A story of a love that spans time with smut hot enough to make your blood boil. A short supernatural boy love, that portray the idea of how love can't be beaten by the darkness of humanity. There's definitely some food for thought in here about human nature but there's also hot sex between a cute bottom and smoking hot top. Would recommend for anyone who is looking for something short but adventurous.

I usually don't read vampire stories but this one is so different! Again and again Amelita Rae takes you on beautiful journeys within the worlds she creates allowing you to feel her characters undying love and lust.

A good, short, erotic romance. I really enjoy this author, even though all her main characters have the same physical description their stories and personalities are unique and enjoyable.

A supernatural love story. No matter how many time reading this story over and over again, I'm still in love with it like the first time with the name "Crimson moon".
