Open Doors: The Santorno Books 7

Synopsis

This book is part of a series and is not meant to be read as a standalone. It is preceded by Reflections. It contains homosexual relations, violence and curse words. The tight-knit Youngblood-Santorno extended family is trying to put their lives back together following the loss of a beloved member. At the same time, they struggle to head off the danger that may come next. The family is expanding by leaps and bounds with the addition of new friends and newborn babies. While several couples grapple with changing diapers, Jason McKinley and Josh Reynolds struggle with their changing relationship after the death of Jason's brother -- who was Josh's fiancé. As the men fight their mutual attraction, Stefan and Jordan Youngblood fight to keep the family safe. Someone from the past has an explosive agenda that puts everyone in danger. Against a backdrop of increasing terror, unlikely relationships form and others move to new levels of commitment. Because if they've learned anything recently, it's that life is fleeting. But when you take on one member of the group, you get the whole dangerous package. Stefan hopes they might be able to relax for once, but he isn't stupid. He knows that with his surname, it's just not possible. Because Santorno is not just a name. It's a way of life.

I started reading late on 6/30. Since I had to work the next day, I forced myself to stop reading. Worked late the next day but that didn't stop me from picking up where I left off on 7/1 and reading from about 11:00 p.m. into the wee hours of the morning until I finished the story. There were certain parts when I was laughing out loud as I played the scenes out in my mind (the fund raiser and the double birthday party) ^ ^ ! It was cute when Dante officially introduced Kyle to his Mama. Although everyone takes care of each other we are seeing more of who will be protectors in the group. I was surprised at Reece's connection to one person in the group even though it was years in the past. I was waiting for Reece and Lorenzo to combust. I can't wait to see what's next for them. There was one person I was not sad to see go especially when we found out more about him. Ms. Sandrine gave us more babies who need love, marriage, engagements, laughter and lots action in one great fell swoop!! I can't wait to read more of the Youngblood-Santorno ever growing family ^ .

This is only one thing wrong with this author's books is that they end. I love her books!! I eat them up! I sometimes stop another book half way through just to read another installment. This book brings more characters into the Santorno fold. If you are a fan then you know the newcomers names well. Lorenzo, Reese and Colin to add as well. I love reading these back stories before the Assassin/Shifter series. I could keep gushing but I really think you need to see for yourself. This book is in a series so you need to read the books in order. Now you can just start at book 1 in this series but it is so much more satisfying if you read the Assassin/Shifter series first. Highly recommend!!!

And it's all coming together....If you're like me you've read all the Assassin/Shifter series and The Olympians and know the Santorno/Youngblood's first appeared there....in the future so to speak...So having a chance to see how they all came together is wonderful...If you are new to Sandrine's work getting buying....you'll love her work and all those fantastic characters she has given life to.....Happy Reading.

This is what I was waiting for, it was more Dante and Kyle's story. But it had a good part at the end of Lorenzo and Reece's story. I read it twice. The part where he accidentally hurt Reece and Damon came to him and Lorenzo said he was like him meaning his father. ...and Damon said no your

not...you have remorse. The story with Lorenzo and Reece is all I had hoped it would be

I loved this book. This is a great series and this one definitely lived up to expectations. I would recommend this book to anyone who love a well told story. I would say that if you plan to read this book then make sure you start with the author's Assassin Shifter series first then start with book 1 of this series. I loved this book so much I plan to read it several more times.

If its not one thing its another. Someone is always foolish enough to mess with the Santorno family even after being warned. And now that these guys have families, they are willing to d o anything to keep them safe. I do love this family, lol. This is a smoking hot action packed read. Enjoy I did.

Loved this book! I love this series. I can't wait for the next book! Can't wait to see what adventures the guys will get into!! Those Santorno and Youngblood clan with their friends are so off the charts sexy and incredibly loving and badass at the same time!

Watching these characters develop is a work of art. This series is amazing! Each couple gets their turn in the spotlight without it being confusing. I look forward to more books from Ms. Gasq-Dion, whatever series or books she writes.
