The Ice Princess: Danger, Intrigue And Love

Synopsis

I sat stunned at my desk for a minute, watching as she walked out my door back toward her own desk. Her fabulous hips swaying under the form fitting, delicious looking, Italian silk skirt she was wearing distracted me momentarily. She is such a total dish, (God I had it bad!) What a parting line, "You don't disappoint me," like I needed that extra pressure! My hand fell limply into my lap as my eyes tracked her movements. Seconds later I realized I had been unconsciously stroking along my zipper as I watched her lovely ass and legs carry her away from my torture chamber. I felt a flush of excitement surge through my body as my eyes followed her progress. My nipples tingled with excitement pressing hard against the fabric of my blouse. I was beginning to think I could orgasm from just watching her walk. Well the fingertips touching the fabric covering my pussy weren't exactly dampening my enthusiasm either. (Thank god for the modesty panel on my desk.) Not normally, one to masturbate at my desk during working hours, I swore under my breath that woman would be my undoing someday. I just only wanted to make her cum once, really hard before that happened.
