Customer Reviews

Added to my collection for my family. Most of my adult children peruse them when I purchase. They know to keep and share with Grand Children and Great Grand Children who will see the next generations of Royals. Perhaps one will treasure my collection as I do. I love the book and the Royals! A grand book!

I absolutely love this book! What a wonderful collection of pictures and short blurbs about royals all over the world. Perfect coffee table book.

I have a lot of Royal books, but I especially like this one because it focuses on the British Royal family but also contains a lit of pictures and info. about other royal families. A must buy if you like the royals.

This is a great book with beautiful photographs. I bought it as a gift for my Mother and she loved it.
