# **Speed Reading: 7 Simple And Effective Speed Reading Techniques That Will Significantly Reduce Your Reading Time (Speed Reading Techniques, Read Faster, ... Focus, Memory Recall, Improve Productivity)**

## **Synopsis**

Use These Powerful Speed Reading Techniques To Significantly Improve Your Reading Speed In Less Than 24HoursSpeed-reading is a powerful technique that can help advance your career, get you through school and accelerate your learning in life. Through learning to speed read, you will be able to work at a quicker pace, retain information better, and comprehend things much faster. When you increase your reading speed, you will notice a significant reduction in the amount of time it takes you read through things like text books, project notes, meeting briefs, contracts, etc. It use to take me months to finish reading a book, but after I learned to speed read I had no problems finishing 1 book a month!In this book there are several techniques that you are going to read about that are going to help you to improve the number of words per minute that you read. The more that you practice the techniques that work for you the faster that you are going to be able to read. The biggest benefits of speed reading are that you are not only going to be able to comprehend what you are reading at a faster pace, but you are going to improve your focus which is going to help you in other areas of your life. When you are able to focus on reading, then you are going to be able to apply that focus to work and whatever else you need to focus on. So, when you look at the things that you will gain from speed-reading, what is stopping you from starting to improve your reading skills? No matter what your excuse is for procrastinating, speed-reading is going to help you in the long run. Even if you have a reading disability, learning how to speed-read is going to help you overcome it in the best way possible. Here Is a Preview Of What Youâ™ll LearnWhat speed reading isThe three reading typesBenefits of speed readingHow to use the chunking techniqueHow to minimize the use of sub-vocalizationThe art of skimmingThe importance of having a distraction free environmentAnd Much Much MoreFor a limited time only, download this book for \$0.99!!

## Customer Reviews

I know the author personally and was asked to leave an honest review if I enjoyed the content in this book. Overall, this is a well written book that gave me great insight on basic speed reading techniques. What I found most useful was the chapter on the skimming technique and how to properly implement it into my reading. It also helped me to identify and assess my own reading style currently, and the areas where I need to improve. For me, I have an issue with sub- vocalization which slows me down a lot when I read so this is a work in progress for me. I would recommend this book to anybody who wants to improve their reading speed. The book has a lot of useful information.
