Winold Reiss And The Cincinnati Union Terminal: Fanfare For The Common Man

Synopsis

When Winold Reiss won the commission to design and install the immense mosaic murals in the Cincinnati Union Terminal in 1931, he was already a noted artist. An immigrant from Germany, Reiss began his career in the United States as a commercial artist. He soon became a sought-after portraitist and designer of large public art projects. The Cincinnati Union Terminal murals are extraordinary not only for their size and the boldness of their color and design but also for the artistâ™s use of mosaic rather than the more typical paint on plaster. After Reissâ™s death, he and his work fell into relative obscurity as tastes and trends in art changed. The terminal itself closed down in 1972 and was partially demolished. It reopened in 1990, transformed into the Cincinnati Museum Center, and the awe-inspiring murals of the rotunda are once again on display. *Winold Reiss and the Cincinnati Union Terminal* is the first book to collect images of all the mosaic murals, including those rescued after the demolition. Gretchen Garner traces the inception of the murals and Reissâ™s selection as their creator; his development as an American artist; and the artistic and historical context for the work, including the Mexican muralist and American regionalist movements. At long last, Garner gives these evocative and vibrant muralsâ "a signal work of public art in Ohio and in the nationâ "the attention they deserve.

Book Information

Hardcover: 160 pages

Publisher: Ohio University Press; 1 edition (September 15, 2016)

Language: English

ISBN-10: 0821422022

ISBN-13: 978-0821422021

Product Dimensions: 7 x 0.6 x 10 inches

Shipping Weight: 1.2 pounds (View shipping rates and policies)
