Edward III (annotated)

Synopsis

The Raigne of King Edward the Third, commonly shortened to Edward III, is an Elizabethan play printed anonymously in 1596. It has frequently been claimed that it was at least partly written by William Shakespeare, a view that Shakespeare scholars have increasingly endorsed.[1] The rest of the play was probably written by Thomas Kyd. The play contains several gibes at Scotland and the Scottish people, which has led some critics to think that it is the work that incited George Nicolson, Queen Elizabeth's agent in Edinburgh, to protest against the portrayal of Scots on the London stage in a 1598 letter to William Cecil, Lord Burghley.

Customer Reviews

Buyer beware. This book is not annotated (despite the claim on the cover). There is a short biography of Wm. Shakespeare at the back. No explanation of the source of the text, no footnotes, no explanations of the text, vocabulary, or setting. Add to that a horrid job of typesetting. It is almost as if someone downloaded the text and bound a printout of the largely unformatted material. That said, I was unable to find a satisfactory copy of this play on nor at my local library. If you are desperate to read this play, this is a way to get the text, but not much else. was good enough to give me a full refund.
